INDEPENDENT ROCK & ROLL HORROR MOVIE

The Devil's Tramping Ground now on DVD!!!

Mad Ones Films, in association with Solstice Entertainment and IF Studios, present a rock & roll horror story centered around a primordial piece of North Carolina folklore. Cassady languishes in the dull reality of the workaday world, as he longs for the bright lights of the big time. As a founding member of the hardest working band in town, The Pre-Madonnas, Cassady believes that he and his friends are on the verge of something great. But while their songs and performances have gained new life as of late, attendance at their shows has been lackluster and the pay, non-existent. The Pre-Madonnas trudge on, pursuing one last rock and roll dream in a town that doesn't notice or seem to care.

But all that changes one night on an old haunted patch of land in the pine barrens of North Carolina. The Pre-Madonnas find their place in the annals of rock and roll history to be altogether different than what they bargained for...
